With a 10" tail, start a chain stitch.

Chain 60 and tie off, give a 10" tail.

Bring the 5 chain strands together where the tails begins and tie in a knot, come out 2" more and tie another knot.

At the other end, bring the 5 chain strands together where the tail ends and tie a knot, come out 2" more and tie another knot.

Bring all ends together and trim so that they are even.

Thread through a pony bead.

Make sure all strands are pulled through evenly, then tie all 10 strands in a knot.

Trim strands close to the knot, then burn ends with a lighter or match to prevent fraying.
