

Eyelash Vest

Difficulty Rating: - All Levels

Size: - Length of Vest is 28"
- Width of vest can be changed by shortening or lengthening ties.

Materials: - 5 balls of Track
- 2 balls of Metal Wink
- Size #8 - 24 inch circular needle
- 2- 8 inch or longer Stitch holder
- Crochet hook #6

Gauge: - 20 stitches = 6 inches, 3.5 stitches/inch

- Cast on 166 stitches of Track yarn in long tail or knitted cast on.

- Knit every row to create garter stitch pattern. Knit for 48 rows which equals 24 garter ribs. Place a thread marker on the next beginning row to mark the back and right side. Knit 73 stitches and place them on a stitch holder for the back of the vest. Place marker to mark the beginning of the neck edge. Bind off the next 20 stitches for neck opening. Continue to knit the front 73 stitches in garter stitch for 32 more rows which is 16 ribs.

- Bind off front edge loosely.

- Left front of vest: Cast on 73 stitches loosely in long tail or knitted cast on. Knit in garter stitch for 32 rows, which is 16 ribs. Place stitches on a stitch holder.

Back of vest: Pick up the back 73 stitches from the stitch holder. Continue to knit in garter stitch for 20 more rows, which is 10 garter ribs. Cast on 20 stitches for neck edge in knitted cast on. Pick up the 73 stitches from the stitch holder for the front of the vest.

Note: make sure the stitches match those on the back of vest. Turn the front vest stitches around if you need to so they match the back stitches.

- Continue to knit in garter stitch for 12 rows, which is 6 garter ribs. Join the 2 balls of Metal Wink. Knit the next 16 rows with the Track and 2 strands of Wink held together. Drop the Wink yarns and continue to knit for 18 rows - 9 ribs with the Track yarn only. (Note the 3 strands does make the rows larger, so there are 2 less rows on this side.) Bind off left side edge making sure it matches the right side cast on.

- Finishing: Begin at the under arm and single crochet around the whole vest. Create a tie for the sides of the vest with a double strand of Track that is 8 yards long. . You could braid the ties, also. Measure down 10 inches from the top of the shoulder of the vest. Insert tie near crochet edge. Lace the ties thru each side neat the edge for the next 5 inches. Tie the ends of tie together.
